COVID-19 Wall Posters & Signs

act have designed a number of different types of Wall Posters and have suggested the three most popular materials of production for differing types of areas and have prices for multiple prints with standard A-Sizes.

Material: 200gsm Satin Paper

- Printed Indoor Poster
- Choose from Standard A Sizes
- A4, A3, A2, A1, or A0
- Pre-designed Posters or Supply Print Ready Artwork
- Can be taped, pinned or put into standard A-Size Clip Frames

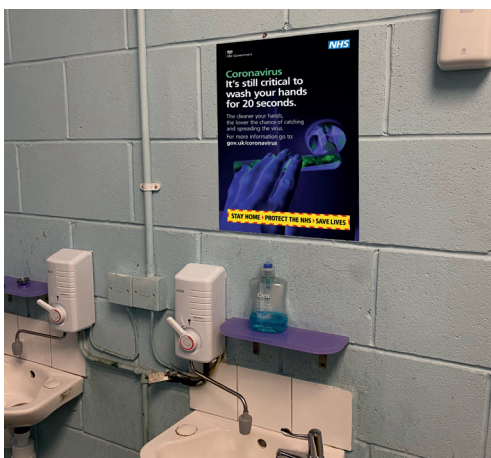

Material: Retac

ReTac Smooth 75 film enables you to install, remove and reposition graphics without leaving residue on the surface.

ReTac Smooth 75 has several fire ratings, making it ideal for use on most indoor surfaces in public areas that require compliance with strict fire regulations, such as retail stores, airports, hotels and hospitals. The removable vinyl provides fire resistant graphics for curved, textured or angled surfaces where public safety is a priority.

- Printed Retac Poster with Repositionable Adhesive Backing
- Choose from Standard A Sizes
- A4, A3, A2, A1, or A0
- Pre-designed Posters or Supply Print Ready Artwork

Material: Aluminium Composite Signs

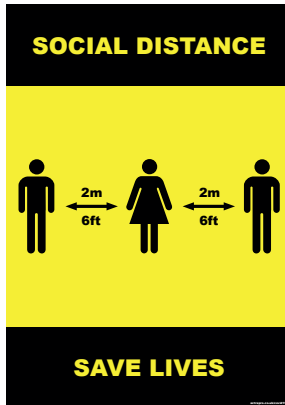

A Monomeric Vinyl mounted to a 3mm Aluminium Composite with a Gloss Laminate applied to the front.

- The surface is wipeable for easy disinfecting
- Choose from Standard A Sizes
- A4, A3, A2, A1, or A0
- Pre-designed Posters or Supply Print Ready Artwork
- Double Sided Tape applied to the Rear for fitting
