T3

Using the versatility of the T3 modular system and the skills of our team, our portfolio of solutions now supports a range of environments that need to implement a temporary change in operation, by reducing risk and implementing structures to enforce social distancing.

Our social distancing range offers temporary and permanent solutions to help reduce risk and provide support for taking precautions in day-to-day activities.

All of which, can be built in a matter of minutes and without the need for tools.

All products within the range are available in standard sizes and branding, but customisable options are also available to meet individual requirements.

- T3 is the world's most versatile modular display system
- Unique reconfigurable design
- No tools required and easy and quick to build
- Premium finish using high quality materials
- Modular to adapt over time
- Multiple sizes available or bespoke to suit your room layout
- Range of customisable options and complementary products to create complete solutions for your environment
- Wipes clean with alcohol based products
- Made using lightweight aluminium and manufactured in the UK
- Suitable for a range of environments including offices, schools, call centres, co-working spaces, in-store retail, and more
